

9th October 2025

Dear Parents / Carers,

Royal Grammar School Physics Workshop and Careers Talk

I am pleased to invite Year 12 Physics students on an exciting visit to the Royal Grammar School in High Wycombe on **Thursday 20th November**. Dr Anton Machacek and Professor Lisa Jardine-Wright, distinguished Physicists from Cambridge University, will be presenting a workshop aligned with the A Level curriculum, followed by an overview of different pathways post Physics A Levels (HE and apprenticeships) at top tier universities / employers.

We were fortunate enough to attend a similar workshop last year which the students found very accessible and helpful. This visit is not compulsory.

We aim for the trip to be inclusive of all students, regardless of need, and will accommodate these as far as is possible. We will be leaving school at 10 am in the minibus and returning at approximately 3.45 pm. Students will be expected to attend tutor time and period 1 as normal and to catch up on any work missed during this visit.

Students should either bring a packed lunch or the Sixth Form Café at RGS accepts card payments which students could access during a short break. They will be expected to wear the usual business-like attire.

It goes without saying that we expect the same high standards of behaviour from our students off site as we do when they are on site. In the unlikely event that a student fails to meet these expectations, they would be sanctioned as they would normally.

There is no cost for the trip.

If your child would like to attend the trip, you must complete the MS Consent Form through WisePay. **The deadline is Monday 13th October**. The trip will then be closed. Your child will not be able to attend the trip without this being completed.

If you have any questions, please do not hesitate to email me on mbrunt@gms.bucks.sch.uk.

Yours faithfully,

Mrs M Brunt
Careers Lead
