

## Key Stage 3 Progress Review Guide

You will see some of the following words on your child's progress reviews during Years 7, 8 and 9: **foundation**, **emerging**, **secure**, **advanced** and **exceptional**. These may be familiar from primary school. The words describe the grasp that staff feel a student has of a subject at that point in time. As a loose guide, the colour bar below indicates roughly what GCSE grade this might equate to **if a student's understanding of a subject remains similar right up until they sit their GCSE exam**. In reality, understanding of a subject can vary over time and you may see this variation on different progress reviews. Student learning develops at different speeds and times, so there is no set path through these descriptive words.

## Classroom Teacher: Attitude to Learning

<b>(4) EXCELLENT</b>	Always on task with high levels of commitment to the subject. An excellent student takes <b>responsibility</b> for all aspects of their learning, follows instruction, and acts on feedback that is given to promote progress and improvement. Highly organised, an excellent student is <b>respectful</b> to peers, staff, and the environment they interact in and always demonstrates <b>resilience</b> when learning. The student displays a <b>readiness</b> to learn, realise their potential and produce work in the school environment and independently that is of a high quality for their ability.
<b>(3) GOOD</b>	Nearly always on task and has the equipment needed to learn. A good student is nearly always <b>respectful</b> , follows instructions and takes <b>responsibility</b> for their learning. Organisation is good. Classwork and independent work are usually completed to the best of the student's ability but there are areas where work produced could be developed further and improved. A good student regularly demonstrates <b>resilience</b> with learning activities.
<b>(2) INCONSISTENT</b>	The student is usually engaged with the work but sometimes needs time for <b>reflection</b> and may at times need re-direction from the teacher. The student needs to take more <b>responsibility</b> when attempting some learning activities and in the way they interact in the learning environment. Independent activities are not always completed and when they are, only sometimes are they done to the best of the student's ability. A more <b>resilient</b> approach to learning is required to realise the potential they have. At times an inconsistent student needs to display a more <b>respectful</b> attitude to their peers and staff.
<b>(1) POOR</b>	The student generally demonstrates a lack of interest in, and <b>resilience</b> with, the subject and the learning activities that they are required to do. The student rarely has the correct equipment and is often slow to follow instructions. The student does not demonstrate <b>resilience</b> or the <b>respect</b> to their peers and/ or staff that is expected of a student at the school. A lack of <b>responsibility</b> and <b>respect</b> can often lead to a student being disruptive to their learning or the learning of others. Classwork is limited and independent work is rarely attempted or completed to an acceptable standard.
<b>(0) INSUFFICIENT INFORMATION</b>	Extremely poor attendance (less than 50%) to lessons in this subject means it is not possible to comment <u>or</u> the student is new to the school and currently there is a lack of information to comment on their attitude to learning (ATL).

# Areas for Development (AFD)

A teacher may use up to two of the following AFD codes to help a student identify where specific improvements need to be made with their learning. These codes will also help parents identify areas to work on with their child. The school will use these codes to support and develop achievement.

<b>E</b>	Effort	<b>P</b>	Punctuality to lesson
<b>F</b>	Focus	<b>R</b>	Revision

## Form Tutor: **Attitude to Learning**
